A Stronger Workforce for a Stronger Economy

Who We Are . . .

Workforce Partnership is committed to building a workforce development system that meets the needs of the Kansas City area. We operate a network of career centers in Johnson, Leavenworth, and Wyandotte counties offering **professional expertise and funding resources** to employers and eligible job seekers.

What We Do . . .

Workforce Partnership offers a **variety of services** to our clients including:

Job Seeker Services ♦ **Business Services** ♦ **Labor Market Data**

Who We Work With . . .

Workforce Partnership is a **community resource** used by job seekers, employers, economic development entities and chamber organizations. Our job seekers range from those looking for their first job to highly skilled professionals. Employers we service include locally owned small businesses to nationally-recognized companies. Economic development and chamber organizations frequently tap us for labor market data and often partner with us on attraction projects to ensure companies being courted can find the talent they need. We also partner extensively with other non-profits in our community to ensure that our clients have exceptional access to the best resources to address their training needs, and any barriers they may experience in fully participating in the labor force.
